The image shows two side-by-side screenshots of a Windows application window titled "Form1". Both windows have a light gray background and the text "CHOOSE A WEAPON" in a large, black, serif font. Below the text is a text box with a dropdown arrow. In the left window, the text box contains the word "Bow". In the right window, the text box also contains "Bow", but below it, the text "You attacked with a Bow!" is displayed in a smaller font. At the bottom of each window is a button labeled "FIGHT".

The image displays two screenshots of a Windows application titled "Heart Collector". The application's purpose is to "Collect hearts to refill your health!".

The top screenshot shows the initial state where the health is at 0%. It features a "Start" button on the left, a progress bar in the center, and a "Stop" button on the right. Below the progress bar, the text "Health: 0%" is displayed, accompanied by a small heart icon.

The bottom screenshot shows the application after the health has been refilled to 100%. The progress bar is now a solid green color. The text "Health: 100%" is shown, followed by the message "Full Health!". The "Start" button is now highlighted with a blue border, while the "Stop" button remains a standard white button with a grey border.
